

REFURBISHED STEELCASE LEAP V2 DESK CHAIR

\$425.00

One of Steelcase's best selling desk chairs, the Leap is an ergonomic wonder. The sliding seat depth, flexible back and independent lumbar adjustments provide comfort for a wide range of body types and working postures. The adjustable arms include a pivot feature which helps align your arms for reduced shoulder and wrist strain. Heavy duty construction and easily replaced parts make it easily repairable and long lasting. Our Refurbished models are reupholstered in your choice of base-grade fabric (more than 10 colors!), reconditioned to like-new and ready to continue a long life of work comfort.
