

## USED HUMANSCALE ELEMENT DISC LED TASK LIGHT WITH POWER PORT

**\$50.00**

Bring premium performance to your workspace with this used Humanscale Element Disc LED Task Light. Designed for ergonomic comfort and long-lasting efficiency, it delivers glare-free, evenly distributed light to reduce eye strain and improve focus. The self-balancing arm allows smooth, one-touch adjustments, and the integrated power port adds convenient desktop charging.

### Features:

- USB port and three-prong power port - 20VAC 8AMPS MAX
- Cord-plug in

This pre-owned task light offers high-end design, energy efficiency, and practical functionality at a fraction of the original cost. Ideal for office or home workstations seeking performance and value.
