

USED KNOLL BRNO SIDE CHAIR - TUBULAR FRAME

\$200.00

A true icon of modern design, this **pre-owned Knoll Brno Tubular Frame Side Chair** by **Ludwig Mies van der Rohe** is a standout piece for any refined workspace or interior. Designed in 1930 and celebrated for its cantilevered silhouette, the Brno chair embodies the principles of mid-century modern design with timeless appeal.

This authentic Knoll chair features light upholstery paired with a polished chrome tubular steel frame, delivering both visual lightness and structural strength. The minimalist form offers comfortable support while making a bold architectural statement, ideal for conference rooms, executive offices, reception areas, or design-forward interiors.

As a collectable original by Knoll, this chair blends history, craftsmanship, and functionality. Its pre-owned condition makes it a smart choice for those seeking iconic design at a more accessible price point.

Available now through Office Furniture Resources, this Mies van der Rohe classic is proof that great design never goes out of style.
