QUICKANSWER FINISHES

VALUE SERIES

Laminate

Paint

Fabric

Burch: Columbus, Dayton, Century, Midway, Traction.

*More than
30 fabric options*

CLASSIC SERIES

Laminate

Paint

*More than
120 fabric options*

Fabric

Burch: Columbus, Dayton, Century, Midway, Traction, Alliance, Unison, Coalition, Collective, Collaborate, Axis, Cusp, Hinge, Tier.

Guilford: Amaze, Chase, Essence, Framework, Mingle, Pursuit, Whisper.

Panels, Power

Pre-owned Steelcase Answer fabric panel skins are reupholstered in your choice of new QuickAnswer fabric. Metal panel skins and panel trim are electro-statically repainted in your choice of QuickAnswer paint colors.

QuickAnswer includes (2) electrical duplexes per cubicle for a total of 4 outlets each. Electrical base power in-feeds (whips) are priced separately.

- **Value series** includes 1 panel fabric selection.
- **Standard series** includes up to 2 panel finish selections in either Fabric + Fabric, or Fabric + Metal skin combinations.

Work surfaces

Both series of QuickAnswer cubicles include rectangular (straight) worksurfaces with a scallop (for cord management). High pressure laminate with 2MM PVC edge. Curved corner work surfaces are available for an upcharge, see pricing page.

Storage and Keys

All QuickAnswer pedestals, binder bins and storage cabinets are pre-owned high quality metal components that are painted (outside only) in choice of paint colors. All storage is locking unless otherwise noted, and includes 1 key per cubicle.

- **Value Series** is available in SC Grey Value 1 paint (non metallic).
- Standard Series has 10 paint color options (non metallic).

Optional Upgrades

QuickAnswer Standard Series cubicles can be ordered with many additional accessories and ergonomic features. Contact your OFR furniture expert for a quote.

- Glass privacy screens
- Height adjustable bases (sit to stand)
- Pencil drawers
- Keyboard trays
- Monitor arms

QUICKANSWER BENEFITS

Always available

Because QuickAnswer refurbished cubicles are refinished in your choice of paint, fabric and laminate, it is possible to order more in the future with no limits on adding matching cubicles as you grow.

OFR buys and stocks more ready-to-refurbish Answer parts than any other refurbisher in the country.

Our dedication to the line means you can order now and again later, adding and reconfiguring as your needs change, with confidence.

Responsible

The core materials of QuickAnswer cubicles are re-purposed components including the panel vertical posts and cross bars, the metal lower pedestals, metal panel trim and upper storage cabinets.

More than 50% of the material in a QuickAnswer cubicle is repurposed. Buying refurbished QuickAnswer reduces waste, reduces landfill, and reduces energy consumption.

QuickAnswer is *ReMade in the USA*. Our skilled crew remanufactures the components in our Des Plaines, Illinois facility.

Amazing value

QuickAnswer refurbished Steelcase cubicles are less than half the cost of the same quality new.

Available in two price ranges, **Value** and Classic QuickAnswer has a solution for every budget.

The **Value Series** starts at just \$550 per cubicle in a telemarketing size. No other refurbished panel system of this quality, with this many finish choices, comes close to this value.

Creative

QuickAnswer is a highly-flexible panel system with design features that make it modern and unique. The Standard Series finish collection includes 8 paint, 10 laminate and over 120 colorful fabric options.

The tiled panel design makes it easy to incorporate accent colors, to mix metal and fabric materials and to add glass privacy screens.

QuickAnswer easily accommodates all the in-demand modern conveniences like adjustable height bases, monitor arms, desk top power, whiteboards and more. Upgrades priced separately.
